Regina, SK  
S4P 2S5

Dear Dustin,

I wanted to take a moment to thank-you and your team personally for supporting Habitat for Humanity Regina with your recent Adopt –A-Day build day. Your financial support of \$3000 will certainly help us help low-income families achieve home-ownership and the work that your team did on the site was tremendously helpful.

It didn't hurt that your crew had some build experience but more importantly it looked like you had fun and we are pleased that it was a good day for you!

Companies such as Century West are what Habitat for Humanity Regina relies on to help families break the cycle of poverty. Home ownership not only provides families with a stable residence but also an opportunity to change their future. We know through recent studies that home ownership provides families with the opportunity to save for post-secondary education, the environment for children to achieve better grades in school and the ability to be less-reliant on social programs to meet day to day needs.

Thank you for being a wonderful corporate citizen and for helping us help hard-working families.

Best wishes for continued prosperity and success as one of Regina's leading home-builders.

With sincere thanks,

A handwritten signature in black ink, appearing to read "Trish Bezborotko".
